The Milpitas Community Educational Endowment presents

COMMUNITY CONVERSATIONS

During the week of Feb 25 – Mar 1, 2019, thousands of schools and youth organizations across the US will participate in the National “Say Something” week. This program from the Sandy Hook Promise Organization reinforces the power young people have to prevent tragedies and saves lives when they Say Something to a trusted adult. Join us on Feb 28 for a conversation about this program and if it is something that we want to implement in Milpitas.

Our topic:

Exploring the “Say Something” Program
